

INDIAN INSTITUTE OF MANAGEMENT AHMEDABAD

is looking for

Research Associate—Leveraging Advanced Artificially Intelligent Technologies

We are looking for a research associate position starting November 2020 in the Information Systems area at IIM Ahmedabad.

Role Description: The research associate will assist in a research project related to the use of advanced and artificially intelligent technologies in organizations. Responsibilities of the research associate include a literature review and summarizing of research, research model creation and testing, creating the software design for collecting data, writing part of the manuscript, amongst assistance in other research-related activities. Applicants with some understanding of artificially intelligent systems and system dynamics would be preferred. The position is best suited for a person looking for a research career, such as for someone interested in pursuing a Ph.D. or looking for a job after their Ph.D.

Qualifications:

- Candidates with undergraduate/graduate (postgraduate)/Ph.D. in management/information systems/ engineering/computer science/mathematics or other related disciplines are encouraged to apply. Candidates with a graduate (postgraduate)/Ph.D. will be preferred.
- Candidates should be proficient in Python and have some experience in using and developing cutting edge methodology for simulations.
- Candidates should be comfortable in econometric modeling and using scripting/programming languages, such as R, STATA, or SAS.
- Candidates should have some experience in conducting a literature review by reading and summarizing research papers as well as academic writing in the form of journal publications, case studies.
- Candidates should have good oral and written communication skills in English.

Project Tenure: The appointment is initially for 4 months and maybe extended later.

Location: The selected candidate will be working from the IIM Ahmedabad campus with an option to work remotely till COVID-19 related restrictions are lifted. IIMA provides access to the library and computer center for all Research Assistants. If selected, the candidate is expected to manage their own accommodation, outside the IIMA campus which is centrally located within the city of Ahmedabad.

Reporting: The selected Research Associate will be reporting to [Prof. Pankaj Setia](#)

Compensation: The selected candidate will be offered a monthly stipend of INR 22,000-INR 30,000 based on prior qualifications and experience.

Last date to apply: 2nd November 2020

To apply, please send an email including CV and cover letter to ResearchStaff@iima.ac.in .
