

## Research Associate (ESG)

### **Job title: Research Associate (ESG)**

National Investment & Infrastructure Fund (NIIF) Chair in Environment, Social & Corporate Governance (ESG), Prof. Amit Garg is offering a position of research associate (ESG) with an opportunity to contribute to national as well as international projects at IIM Ahmedabad. Our research team works in with diverse communities on ESG, sustainable development and climate change across all sectors.

There is a requirement for the position of Research Associate (ESG) to support the research work related to National Investment & Infrastructure Fund (NIIF) Chair in Environment, Social & Corporate Governance (ESG). Applicant should have a strong understanding of data analysis languages such as Python, and R. Additionally, demonstrate practical proficiency in software such as Excel (preferably STATA also). A basic understanding of ESG would be a plus.

The location would be the Indian Institute of Management Ahmedabad. The position is contractual in nature for a prefixed period. The contract period can be extended based on performance after an initial period of 6 months.

### **Job Description:**

- Quantitative Analysis and Statistical modelling (R/Python, Excel, Stata) for ESG-related data analysis
- Analysing Climate-Related Financial Disclosures (ESG, BRSR, TCFD, SASB, SFDR etc)
- Assisting Indian funds to become compliant with the SFDR
- Conducting high-quality literature review on climate-related financial disclosures and sustainable finance
- Assisting in secondary data collection and analysis
- Preparing reports/ papers for publications

### **We expect:**

- capability to take initiative with high level of self-motivation
- capacity to quickly familiarize with new topics
- structured and goal-oriented thinking
- creative and openness to innovative approach
- capacity for teamwork and organizational talent
- willingness to travel

**Qualifications:**

- The candidate with experience/ qualification in master's degree in data science/ data analytics/ business analytics/ or any other degrees in the relevant field.
- It is desirable that the candidate should know about ESG, sustainable finance, sustainable business management, or related fields.
- The candidate should have excellent written and oral communication skills in English and should have a command of statistical tools.

**Duration:**

This is a full-time temporary position funded for one year (including an initial period of 6 months), which could be extended based on performance and project requirements.

**Remunerations:**

Compensation would vary depending upon qualifications, experience, and would be as per IIMA norms for Research Associates.

**Mode of application:**

Applicants are required to fill up the form on the following link:
