

## **INDIAN INSTITUTE OF MANAGEMENT AHMEDABAD** ***Requires***

### **Research Associate**

Indian Institute of Management Ahmedabad requires a Research Associate for the Blended Post Graduate Programme in Business Analytics & AI (BPGP: BA & AI).

#### **Role Overview**

A motivated and analytically driven Research Associate to support the Blended Post Graduate Programme in Business Analytics & AI. The selected candidate will work closely with faculty members, assist in course development, support students in programming labs, and contribute to analytics-based research and learning initiatives.

#### ***Key Responsibilities***

##### ***Academic & Technical Support***

- Assist faculty members in course outline preparation, programming, and material development.
- Provide academic and technical support for Business Analytics and AI courses.
- Prepare lab exercises, assignments, and case-based learning materials.
- Support students in programming labs and resolve technical queries.
- Assist in evaluation of assignments, quizzes, and projects.

##### ***Analytics & Research Work***

- Analyze large datasets using Python, R, SQL, or Excel.
- Develop analytical models and visualizations.
- Conduct research related to Business Analytics and Artificial Intelligence.
- Identify knowledge gaps and assist in curriculum enhancement.
- Support development of case studies and research documentation.

##### ***Programme & Learning Support***

- Support blended learning and e-learning delivery platforms.
- Assist in organizing workshops, webinars, and academic sessions.
- Collaborate with instructors for course improvements.
- Stay updated with global trends in AI, Data Science, and Analytics.

##### ***Administrative Support***

- Coordinate with faculty, participants, and programme team for smooth course delivery.
- Assist in scheduling lectures, labs, and academic sessions.
- Maintain programme-related documentation and reports.
- Support participant onboarding and communication.
- Assist in tracking attendance, submissions, and academic progress.

- Coordinate logistics for workshops, guest lectures, and events.
- Support programme operations and administrative tasks as required.

### **Required Technical Skills**

- Strong understanding of Business Analytics, Data Science, and AI.
- Programming knowledge in Python and R.
- Knowledge of data visualization tools such as Tableau and Power BI.
- Strong foundation in Statistics, Mathematics, or Econometrics.
- Familiarity with databases and SQL.
- Strong analytical and problem-solving skills.

### **Qualification Requirements**

#### **Essential Qualification**

B.E./B.Tech./M.Sc./M.Tech./M.A. in Statistics/Computer Science/Data Science/Information Technology/Operations Research/Economics with minimum 60% marks or equivalent.

#### **Desirable Qualification**

Ph.D. in relevant discipline

#### **Work Experience**

- At least 1 year of prior experience in AI, Machine Learning, or Business Analytics, OR experience in academic or corporate analytics projects is desirable.

#### **Additional Requirements**

- Strong communication skills in English.
- Ability to work independently and collaboratively.
- Responsible and reliable with attention to detail.
- Interest in emerging trends in AI and analytics.

#### **Age**

Minimum 25 years and maximum 30 years as on the last date of application.

#### **Tenure**

Initial appointment for three months, extendable based on performance and programme requirements.

#### **Compensation**

Competitive monthly salary based on qualifications, experience and as per IIMA guidelines.

Interested candidates are advised to APPLY ONLINE ONLY latest by **April 30, 2026**.
