

Indian Institute of Management Ahmedabad (IIMA)
Research Assistant / Research Associate
Mattu Centre for Research in Security Pricing and Corporate Finance

The Indian Institute of Management Ahmedabad (IIMA) invites applications for full-time positions of **Research Assistant / Research Associate** at the **Mattu Centre for Research in Security Pricing and Corporate Finance**.

The Centre has been established at IIMA through a Memorandum of Understanding with Mr. Ravi Mattu to promote high-quality research, training, and development in the areas of **Asset Pricing, Corporate Finance, and Corporate Governance**, with a special emphasis on Indian capital markets.

About the Centre

The Mattu Centre aims to:

- Support research by PhD scholars and young researchers through funding, remuneration, and travel support
 - Facilitate research in Asset Pricing and Corporate Finance, particularly in Corporate Governance
 - Develop securities pricing databases to support advanced research
 - Build data infrastructure related to Indian securities and derivatives markets
 - Organize seminars, workshops, and collaborative initiatives involving researchers and practitioners
-

Key Responsibilities

The selected candidate will be responsible for:

- Providing administrative and operational support to the Mattu Centre in coordination with the Faculty Chairs
 - Assisting in the planning and execution of meetings, seminars, workshops, and other Centre activities
 - Supporting research-related documentation, writing, and review processes
 - Assisting in the preparation of research materials, reports, presentations, and communication documents
-

Desired Skills and Qualifications

Candidates should possess:

- Strong research, analytical, and writing skills
- Ability to gather, synthesize, and analyse qualitative and quantitative information from multiple sources
- Excellent attention to detail and ability to present information in a clear and structured manner
- Ability to work independently as well as collaboratively within teams
- Strong problem-solving and analytical thinking capabilities

The following will be considered an added advantage:

- Familiarity with statistical analysis, business analytics, and data visualization
 - Working knowledge of tools such as **Stata, R, Python, or Excel**
-

Position Details

- **Number of Positions:** 4
- **Location:** Ahmedabad
- **Age Limit:** Maximum 35 years as of the application deadline
- **Tenure:** Initially for one year, extendable based on performance
- **Compensation:** Commensurate with qualifications, experience, and as per IIMA guidelines.

Selected candidates will have access to IIMA's library and computing facilities. Candidates are expected to arrange their own accommodation outside the IIMA campus.

Application Process

Interested candidates are requested to submit:

1. Detailed Curriculum Vitae (CV)
2. A writing sample (report, article, case study, blog, or similar work)

Applications should be sent via email to:

Dr. Vaishali Joshi

Email: vaishalij@iima.ac.in

Application Deadline

July 3, 2026
